FASHION PANDA
Pandito Panda is male
And Pandita Panda is female.

They're fashionistas! They believe in fashion, style,
They love luxury, glamour and celebrities.

They prefer to eat caviar and champagne
Rather than bamboo and river water.

They changed their wardrobe to the latest fashion trends.

They love to travel in style
Around the world visiting the best hotels.

They like to dress like a local policeman,
Top diplomats, politicians, sport celebrities.

In Cannes film festival they walk down the red carpet.
In Hollywood they drive cabriolet,
In Greece you see them in the Acropolis.

She always complains that she should be treated
By Pandito like a queen.

She always wears high heels to look taller than he is.
In Vienna Pandito plays the violin while she is an opera singer.
In India he sits like a Fakir while playing the flute for Cobra.
In Dubai he rides a camel in arab robes and she is a belly dancer.
In Spain he acts like a Matador while she dances flamenco.
In Venice he acts like a gondolier while she is sitting in gondola painting her fingernails.

They watch fashiontv and always comment
What they see because they love fashiontv.

They design their own collection.

Fashiontv promote them around the world by tv channel,
Application, Instagram and facebook.
They have their own websites, facebook,
Twitter and Instagram profile.
